

Contract Engineer – Paper Tube Machine Startup West Chester, PA

We are looking for a skilled technician or engineer with hands-on experience in packaging and/or processing machinery to assist in the setup, calibration, and initial operation of paper tube-making equipment. This is a short-term contract role ideal for someone with strong mechanical aptitude and a background in industrial machine startup, operation, and troubleshooting.

This is a short-term, 1099 contract role ideal for someone with strong mechanical aptitude and a background in industrial machine startup. The approximate duration of the contract is 1 month with potential for extension based on project needs.

1099 Contractors must be able to produce proof of General Liability Insurance and Worker's Compensation Insurance

Key Responsibilities/Deliverables:

- Assist in the startup of paper tube-making machines.
- Perform mechanical and electrical checks to ensure proper setup.
- Calibrate and test equipment for optimal performance.
- Troubleshoot and resolve issues.
- Collaborate with internal teams and equipment vendors.
- Document procedures and provide training to facility staff if needed.

Qualifications:

- Proven experience with packaging or processing machinery.
- Strong mechanical and electrical troubleshooting skills.
- Ability to read and interpret technical manuals and schematics.
- Experience with machine startup and commissioning preferred.
- Excellent communication and teamwork skills.
